THE EUROPEAN CHAMBER MUSIC ACADEMY

- 2004 founded at the initiative of Hatto Beyerle
- association of European music universities, conservatoires and festivals in the field of chamber music that provide ongoing training for chamber music ensembles
- partner institutions host regular sessions
- renowned tutors work intensively with the ensembles
- young ensemble receive additional impulses from lectures and focused workshops on cultural history, historically informed performance and philosophy
- helps participants explore the importance and impact of cultural knowledge such as rhetoric and Greek verse in order to gain a more profound understanding of European music
- collaborates with academic partners on research projects in various fields
- works to develop new networks by bringing together people from different backgrounds and cultures
